Editor's letter

Favourites are really something you're meant avoid in this business – as the Editor I'm supposed to try and be objective about the girls and reflect what the readers are after. Still, most months I flick through the finished issue and I know in my heart which girl I like the best, but this issue I'm really struggling! I mean, how do you choose between the likes of Beth, Cindy and Satin, for starters?! And that's without even mentioning little Tiffany Diamond, who we managed to tease out of semi-retirement for this shoot. Hmm, I just don't know – I think I'm just going to have to site here and look very hard at them for another hour or two…

STOCKING THRILLER

I am sure that many *Mayfair* readers would agree that although the models in the mag all look totally gorgeous naked, the fact that they usually wear lovely lingerie and stockings always adds to their sexiness and makes them even more delectable.

This also proved to be the case with Carly, who until recently worked in my team until after another company restructuring she decided to move to a new job in the City – which was a real shame as she was very popular within the office, especially with all of the blokes. She was in her early twenties and defined blonde and busty. She was petite, about 5ft 2in with long hair and she was very pretty.

The blokes spent most of the days discussing their favourite outfits, mostly picking the ones that showed her tits off but also if she wore hold ups or tights, her legs often encased in what looked like expensive nylons. As she was young, the consensus was always tights, as we agreed that few younger girls seemed to wear stockings now.

I don't know if she scared men away, but for whatever reason, no one ever asked her out and I spent many hours in a pub reassuring her of her looks and that Mr Right was out there. In truth, I never understood it, because when we walked in a pub every man in there would stare at her and I knew it was only the fact that they were all married that stopped any of the guys in my team making a play for her.

> "She took a sip of her drink and sat back, crossing her legs, her dress riding up to reveal more of her thigh…"

We made sure we gave her a great send off when she left and we made the usual promises to stay in touch, and I did actually keep the promise and we regularly swapped e-mails and texts. Then about a month ago, I had a meeting that was close to her new office and as it was scheduled to finish by lunchtime, I arranged to meet her for lunch.

When I reached her office, she was already waiting outside. Her hair was up, which I always liked on her and she was wearing a long coat with what looked to be expensive black and white high heeled shoes. We exchanged a welcome kiss and I told her where we were going – a nice bar that does food – and we wandered off, chatting the whole way there as she caught up on all of her old team members.

We reached the bar, I ordered us some drinks and we picked out a discrete table in a corner. I took her coat and even I was taken aback. She was wearing a short, tight black and white dress that matched her shoes.

The bar didn't have chairs but settees, and we sat together. She took a sip of her drink and sat back, crossing her legs, her dress riding up to reveal more of her thigh.

We ordered some tapas to share and we ate together, continuing to chat; Carly sitting up while she ate, facing me. I was trying hard to keep looking at her face while we spoke but it was very difficult not to let my eyes fall to her lovely full tits and the glimpse of thigh on show and I could feel my dick stirring in my trousers.

When we'd finished, she accepted another drink but she said, "I'd better not be too much longer. I did arrange a longer lunch but I am already pushing it."

I got the drinks while she went to the Ladies', and sat back down watching her as she walked back through the bar back to where we were sitting turning heads as she walked.

"What are you smiling at?" she said as she sat down.

"I was just watching the reaction you got as you walked through – the blokes don't know where to look first."

"Really? I hope they didn't look at my bum." This was typical Carly, she never knew the affect she had on people.

"I think they would look at your bum but there would be a couple of other things they noticed first," I teased.

She laughed, "Yes my boobs do seem to get me noticed!" she replied.

"I meant your legs!"

Carly went red, but then said, "Do you think I have nice legs then?"

"I do – especially as you're wearing stockings today. I always thought you were a stockings girl, so much sexier than tights."

She sat back and looked at me. " I thought you always looked at my boobs. So do you prefer my legs?"

I was a bit shocked now, but I was going to

PANTY PLEAS!

Dear Mayfair,

I've been a Mayfair reader for more years than I care to remember. I've found myself agreeing with many readers' comments about the magazine. For me, your gorgeous girls look best with trimmed or shaven pussies. My favourite sets generally feature *Mayfair* girls wearing lingerie, stockings and heels. When "famous" personalities are featured they should show all and not hide behind their celebrity status.

But for me the thing that really sets *Mayfair* apart from the rest of the top shelf competition is the level of tease. It's so much more engaging to see a well-dressed lady tease erotically before slowly undressing to reveal all her charms. Vol 45 No 3 had great examples of this style with fabulous sets of Evelyn and Ennie. It was no surprise to see that both girls had been photographed by R.B. Kane; her style is so classy and distinctive. Close behind was Carol. As I'm a confirmed "Legs" man the lack of full-length shots was disappointing. However help was at hand! Taking a visit to www.mayfairmag.com allowed me to see all of this sophisticated long legged lady. In this set she proceeds to tease before stripping and spreading her legs to show off her lovely labia in all their glory. *Mayfair* has a unique style and fabulous girls – please don't change it!

Best regards!

Don, via email.

Thanks for that, Don. We don't intend to change any time soon!

make the most of this and see where it got me. “ Hard to say,” I said, “I’ve never had the chance to compare them properly.”

She laughed; “You’re so naughty!” Then she looked me in the eye. “Tell you what, my flat is only ten minutes away, why not go and wait there and I’ll meet you there just as quickly as I can.”

Of course I agreed immediately, and she gave me the keys and directions, promising to be as quick as she could.

Her flat was as I expected, full of mod cons and spotless. I had a look round and could not resist looking in her bedroom. It was a very girly room full of perfumes and cosmetics and with a large double bed with a white fake fur throw covering one half, the other covered in soft toys.

It wasn’t long before Carly texted; “On way, champagne in fridge and by the way you never answered my question. Do you prefer boobs or legs? x” I went to the fridge, apart from a few bottles of champagne they was not much else in there and I replied to her text; “Champagne opened, told you need more detail to answer.”

> “I moved my hands down to her bum and caressed her arse, while I let my mouth roam all over her beautiful boobs…”

When she got in, she took a glass of champagne and said she was just going to change. I would have liked her to stay in the tight revealing dress but she was quickly out of the room. When she came back I was very relieved I had not said anything.

Carly was standing in front of me, wrapped in the fur throw that had been on her bed, champagne in hand, her hair now done and she had kept the high heels on.

“Right, want some more detail?” she purred. I didn’t have to answer as I watched her let the throw fall to the floor. Her top was exposed first and my cock hardened as I looked at her ample tits. They were big but very firm with big nipples that were now very hard.

My eyes wandered down as the throw revealed more. She’d kept the stockings and her thong on. “Well?” she said.

“Gorgeous,” I stammered, making her laugh. “But I think I need to investigate more before I can answer.”

“Really?” Carly said, smiling. “Well you’d better investigate then.”

I sat forward now, the bulge of my cock very visible in my trousers, and I ran my hands up the back of her stockinged legs, slowing as I reached the bare flesh above the stocking tops before running my hands over her bare bum, caressing her cheeks.

“That’s not my legs!” she grinned, looking down on me with a smile as she stood in front of me.

I then ran my hands up and down her back and then up her waist. As I touched her tits, she shuddered a little. I cupped both tits before gently caressing them and running my hands over her very stiff nipples. She was letting out little gasps as I touched her, and it was obvious her tits were very sensitive.

I leaned closer and gently kissed one of her nipples while my fingers worked the other nipple. She was moaning now and I sucked her tit into my mouth, using my tongue on her nipple while sucking in as much of her big tit as I could. I started to let my teeth scratch against her nipple, making her gasp louder. I moved my hands down to her bum and caressed her arse, while I let my mouth roam all over her beautiful boobs, nibbling and gently biting her nipples as I sucked and kissed them.

I made sure I spent a long time on her tits, as it was very obvious she was getting more and more turned-on as she got more vocal, until after a while I said, “Right I now need to do another taste test.”

She looked at me. “And where would you like to taste now?” she teased. I took her hand and we swapped places so she was now sitting on the settee. I knelt between her thighs and ran my hands up her stockings a few times before taking the waistband of her thong with each hand and slowly it pulling down.

Carly lifted her bum off the settee to allow her panties to slide off. I looked at her – she had a nervous smile on her face and I slowly looked down her body, her nipples were rock hard as my hands stroked her thighs and I took in the sight of her blonde little bush. She looked amazing sitting there naked apart from her stockings, suspender belt and shoes. I leant in and slowly kissed her pussy lips. She was already soaking and she gasped loudly as my mouth touched her. Then I took a long lick.

“You taste amazing,” I said before burying my face in her hot mound.

She wrapped her legs tightly round my neck and I slurped and licked her, using my tongue to probe between her lips before moving to her clit. Her hands were on my head now, holding my face against her very wet snatch and I savoured her taste as my mouth worked her pussy. When I focused on her clit and she was soon writhing on the settee and then shaking as she came.

I lifted my head, he eyes were shut and her chest was flushed as she sat shaking. As she opened her eyes she just said, “Please fuck me.” I’d rarely heard Carly swear before, and my already swollen dick gave an involuntary twitch at her request.

I took her hand and stood her up. I wanted to make sure I gave the princess a real good fucking, and she didn’t resist as I turned her round and bent her forward. She held onto the top of the settee and I stood back for a few seconds, admiring her arse. I gave her a few little spanks on her bum and twanged the suspender belt a few times, leaving red marks on her cheeks. I carried on giving her a few harder slaps, making her gasp as I undid my trousers.

With my trousers round my ankles, I

HIP HIP!

Dear Mayfair,
I’ve just bought Volume 45 Number 4, and have been filling my eyes with the delectable Kate Hunter on pages 28-33. I honestly couldn’t turn the pages over beyond page 33 *(well, you’re missing out on lots more goodies! – Ed.)*. Kate is one of the most beautiful, sexy women I’ve seen in *Mayfair* since I can’t remember when – everything about her is so incredible. I’m certain that if she becomes a *Mayfair* regular she’ll become one of the most popular girls of all time. You say you’re hopeful we’ll be seeing plenty more of her before long – I do hope you’re right. She’s fabulous, so please, please bring her back soon!
Ken, Leicester.

Well Ken (and everyone else who wrote in abut Kate!), we thought she was pretty special too, so rest assured, we’re pulling plenty of strings here to make sure she’s back in Mayfair before too many more moons have passed!

Hmm, we haven't featured Satin in the mag for quite a while now, which, looking at her again now, seems like a pretty strange omission! Still, we're always happy enough to acknowledge our mistakes and try to rectify them, so here she is! And look, she's gone and put on some suspenders, especially for us!

"It isn't especially for you!" she insisted, though "I wear suspenders a lot of the time – that way you can go commando and I simply love the feel of the breeze on my pussy!"

Please, love, don't distract us from our suspenders chat with your pussy talk!

MAYFAIR
Presents...

RAVEN ALEXIS

Allow us to introduce a girl who proves that there are as many kinds of pornstars as there are kinds of people who enjoy watching them. Bimbo? Not a bit of it!

A quick look at Raven Alexis's CV reveals a fairly conventional career path for an emerging pornstar, but there's more to her than meets the eye!

On leaving college in the US, Raven was approached by a photographer who wanted her to do some lingerie modelling. Yes, that old chestnut! Whether there are snappers in America just hanging around on street corners waiting for a hot girl to walk by we can't confirm, but this scenario seems to happen on a remarkably regular basis in the adult industry.

All the same, Raven agreed and did a handful of underwear shoots and found that she really enjoyed looking sexy for the camera, something that inspired her to tentatively go down the adult route by setting up a website devoted to her gorgeous body, building up a large online fanbase as a result.

It wasn't long before Digital Playground clocked some of her pictures on the web and signed her up; quickly transforming Raven into one of the hottest new contract stars in the business, and her first feature for the porn giants, *Raven Alexis: No Love Lost*, was released at the end of 2009.

So all very normal and run-of-the-mill so far, but don't think this petite and perky performer is just your average, common-or-garden pornstar.

Where many girls spend their free-time shopping, sun-bathing and toning their bodies in the gym, this gorgeous brunette is in reality a self-confessed nerd and bookworm, and instead of browsing the latest designer clobber or putting in a stint on the treadmill, Raven enjoys nothing more than whiling away the hours playing on the role-playing geekfest World of Warcraft, even boasting a level 72 Night Elf Druid and a level 44 Tauren Hunter! Quite what that means we have no idea, but it sounds pretty impressive.

The 23 year-old dweeb-turned-onscreen-sex-star also freely admits to being a huge *Star Trek* devotee, and can apparently spend entire evenings avidly watching the Sci-Fi Channel. And that's not all. Raven also enjoys building computers, she personally put together her two websites, and in a recent interview, when asked about her passion for technology, enthused: "I picked up the new i7975 extreme edition CPU. I have it set up as a dual boot with XP 32-bit and Vista 64. I don't have Windows 7 yet, but I'm excited about picking it up."

Indeed. What happened to all the usual filthy talk about loving big dicks and taking it up the arse? To be honest, here at *Mayfair* we find it quite refreshing – every pornstar should have a challenging hobby.

Thankfully, computers and geeky games aren't the only things that light Raven's various fires. She loves porn too, and particularly enjoys the beautifully shot adult movies from Digital Playground such as *Pirates* and *Island Fever* – but she would say that, right? – and the brunette boffin also likes to produce what she calls 'reality porn' for her websites, where fans can log on and see her going about her daily business such as walking her dogs and having a shower. Each to their own…

What Raven wants to achieve is to provide fans with an insight into the real life of a pornstar, and not simply give the impression that all the girls do is have sex all the time and go to glamorous parties.

As long as she doesn't start sticking videos on there of her building a new PC, then we're sure she'll be fine. Unless, of course, Raven decides to create some kind of geek's paradise and starts doing these things naked.

She has actually expressed an interest in making an adult version of a role-playing game with Digital Playground, and would love to make a sci-fi porn movie. Whether this happens only time will tell, but one thing's for sure – Raven Alexis is out of this world.

How'd you like to Klingon to a body like that?

Much like Nigella Lawson, we thought Neilla here was saddled with a father who wanted to pass on his name and didn't give a stuff if it happened to be a daughter who copped it! However, it turns out we couldn't have been more wrong!

"I chose the name myself when I started modelling," she told us, adding that her Dad was called Peter.

Ah, don't tell us -- you're a huge fan of Neil Morrissey, laddish star of *Man Behaving Badly* and, erm, *Boon*!

"Not quite – it's Neil Young I'm a fan of. And I've never even heard of *Boon*!"

Well, given that your young, beautiful and soon to be naked, we won't hold that against you!

pushed my stiff dick against her lips. I held her by the waist and eased my cock into her. Despite how wet she was, she felt very tight and I heard her gasp a little as I pushed my full length into her.

She was now becoming very vocal; "Fuck me, fuck me!" she kept saying and I started to take long strokes, banging my balls against her with every thrust of my hips.

The rougher I got the more noise she made, and I realised that this hitherto unobtainable princess was really a very dirty girl indeed! I started to fuck her hard now, making her yelp and scream with each deep thrust. I reached out and took her hair and pulled her head back, fucking her as fast as I could now.

"Fuck me like a slut!" she shouted which pushed me right over the edge and I pulled out and sprayed her beautiful peachy arse with a torrent of my come.

> "I held her by the waist and eased my cock into her. Despite how wet she was, she still felt very tight, and I heard her gasp a little as I pushed my full length into her…"

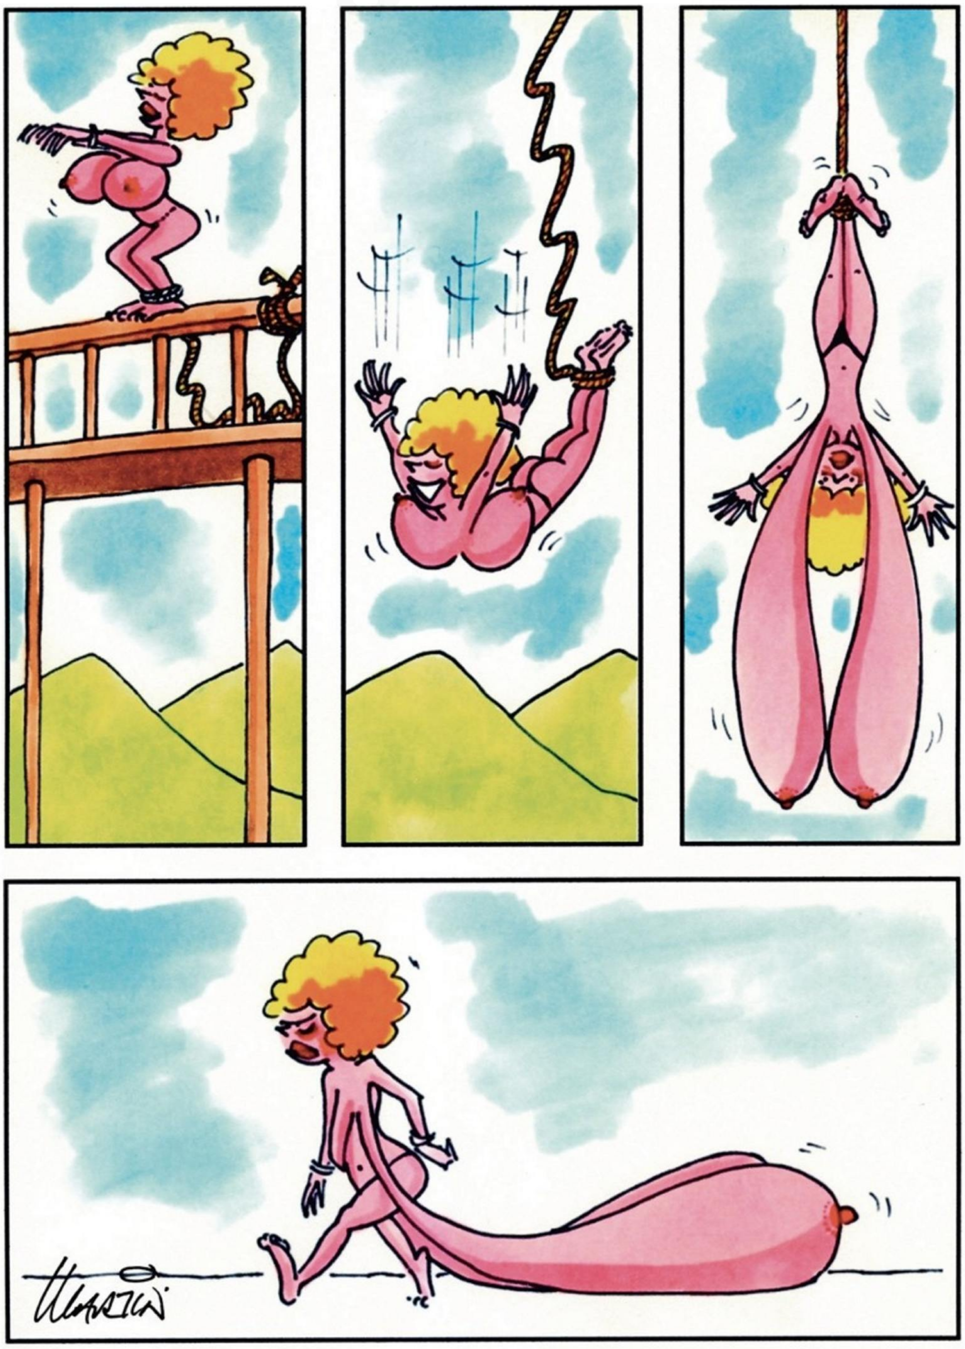
As I wanked the last few spurts, the little minx turned round, sat on the settee and started to lick my dick clean before sucking it into her mouth. I have always liked a girl that sucked a cock after it had been in her pussy *(Who doesn't? – Ed.)*, so you can imagine how lovely it was to see this supposed innocent little princess with my spunk and pussy juice covered dick buried deep in her mouth.

I stayed with her until the Sunday and we only got out of bed to order take always, and by the time I went home, I think I must have fucked her in just about every position possible.

I have, of course stayed a few more times since, but in view of our age difference we have decided to keep the relationship purely about sex. I'm sure she'll find the right guy sooner or later, but until then I'm not complaining!

Back in the office on the Monday after our first time, all of the team wanted to know how she was getting on and if she was enjoying her job, – indeed one of the more blatant lads in the team even had the cheek to ask if she had been laid yet! Naturally I was discreet – in fact I didn't even let on that she wore stockings rather than tights!

Ollie, Harrow.



A SWEET-A SEÑORITA!

Dear Mayfair,

I worked in Spain for a couple of years as a holiday rep, and while I got more than my fair share of girls while I was out there, to my lasting regret I never managed to get anywhere with a Spanish girl – a fact I thought I'd more or less got over until I spotted the incredible Lorena in your latest issue! That beautiful, furry little pussy of hers suddenly brought the whole thing flooding back – and now I've got more regrets than ever before!

Now I'm married, so it doesn't look like I'll ever have the chance to sample a señorita in the flesh, but if you could feature Lorena in the magazine again before long, I guess that would be something…

Ian, Woking.

Isn't she sweet? We're thinking of heading out to Spain on a scouting trip to see if there are any more like her out there. As for Lorena herself, yes, we'll be getting her back just as soon as we've recovered from clocking her last time!

Betty

Ages: 28 **Vital Stats:** 32-25-36
Photographer: RB Kane

Anyone out there got a bit of a hard spot for foot play? Because if so, Betty should be just your cup of tea!

We couldn't help noticing during this shoot just how much attention she seemed to be lavishing on her tootsies, and it turned out it was no coincidence…

"Oh yes," she enthused, "I think the feet are a fantastic erogenous zone that all too often get overlooked! I simply adore giving and receiving pleasure with my feet!"

Well quite frankly, in an outfit like that, you've already given us plenty of pleasure with your feet – just by walking into the room!

Electric Dreams

Performance cars that don't shaft the polar bears – it's a nice idea, but are they ever going to happen? Well, if this prototype from Porsche is anything to go by, too bloody right they are!

Words: Martin Bains **Pictures:** Porsche

The world was nearly turned off hybrid cars for good earlier this year. The braking issue that blighted the Toyota Prius made a strong case for sticking to petrol power. But Porsche was the unlikely knight in shining green armour. When it unleashed its 918 Spyder at March's Geneva Motor Show, it sent shockwaves through the automotive world – as the newcomer promises genuine supercar performance with the carbon footprint of a city runabout.

Check out the dramatic shape, and any Porsche fan will see the influence of the Carrera GT. The huge air intakes in the nose, the purposeful profile, the massive cowls behind driver and passenger and the wide rear end – it all points to the late 1990s legend.

Inside, however, it couldn't be more different. The massive centre console incorporates a variety of touch-sensitive controls, while the minimalist instrument display provides a choice of views for the driver. All this gives a hint about the cutting-edge technology under the 918 Spyder's beautiful skin.

At its heart is the acclaimed 3.4-litre V8 engine from the RS Spyder racer. It's positioned ahead of the rear axle, revs to a 9,200rpm red line and delivers around 500bhp to the back wheels. That guarantees scintillating straight-line performance, while the midships location of the unit also means near-perfect chassis balance.

What sets the Spyder apart, though, is the fact that the V8 isn't operating on its own. It works in tandem with an electric motor mounted on the rear axle to provide incredible forward thrust. Power from both sources is channelled to the huge back tyres through Porsche's highly sophisticated twin-clutch PDK transmission. That means lightning fast gearchanges, as the set-up ensures every last drop of performance is wrung out of the drivetrain. Yet the story doesn't end there. Engineers have fitted another electric motor on the front axle, which propels the front wheels through a fixed-ratio transmission. In total, the car gleans an extra 218bhp from battery power.

The sum of all this is that the 918 Spyder more than lives up to Porsche's performance credentials. It blasts from 0-62mph in 3.2 seconds and goes on to a top speed just shy of the 200mph mark. Plus, as a real barometer of its abilities, the model lapped the most famous and hallowed test track in the world – the Nordschleife of the Nürburgring – in around seven minutes and 30 seconds. That's quicker than the legendary Carrera GT.

These aren't the most impressive figures, though. You expect searing pace from any car to wear the Porsche badge; you don't expect earth-shattering emissions and fuel economy figures. Bosses claim the 918 Spyder belches out only 70g/km of CO2 and can travel around 94 miles to every gallon of petrol. To put that into perspective, the stock 911 Carrera – which doesn't even deliver the same performance – emits 225/km and returns 29.2mpg. Incredible stuff.

How is it achieved? Simple. A liquid-cooled bank of advanced lithium-ion batteries nestles

Hmm, just another typical tree-huggers' motor, really...

> “This model promises the agility and precision that comes as standard on any Porsche.”

between the engine and the passenger compartment, and provides the motors with their power. Brake regeneration ensures every lost drop of kinetic energy is fed back into the drivetrain for re-use, while owners will be able to plug in to a regular electric supply to recharge the cells.

So, what’s it like to drive? Well, a key part of the experience is the choice owners have when they get behind the wheel. The hybrid offers four different driving modes. E-Drive sees the car run on electricity alone for up to 16 miles – more than enough for many people’s commutes or shopping trips. In Hybrid mode, the electric and petrol power sources work together to maximise efficiency.

If you want to up the ante, switch to Sport Hybrid. Again, petrol and electric operate in tandem, but with the emphasis on performance. Most of the drive goes to the rear, through a torque-sensing electronic differential. Race Hybrid mode is for track fun, as it channels everything towards maximising performance and handling agility. It sharpens the suspension and throttle responses, and incorporates a push-to-pass facility, which gives a short boost in pace just when you need it – like an F1 racer’s KERS system.

Whatever setting you choose, though, this model promises the agility and precision that comes as standard on any Porsche. Its chassis balance is set to be impeccable, and the extensive use of carbon fibre-reinforced plastic in the monocoque bodyshell – plus the careful employment of aluminium and magnesium where it’s needed – should ensure incredible rigidity. Add four-wheel-drive traction, and you get an amazingly involving driving experience.

All this from a car that has as much impact on the environment as a hamster farting. So when will it hit showrooms? Top brass are keeping their cards close to their chests – but they have teased fans by claiming Porsche has never built a concept that hasn’t made it to the showroom. We won’t have long to wait.

Appearing in *Mayfair*'s been something of a long term ambition for Christine, and, given all her qualifications, we were more than happy to help her make her dream come true! But how do we know? Well, she told us, of course…

"My Dad used to have a cardboard box full of *Mayfairs* in his wardrobe in my parents' bedroom, which me and my sister discovered when we were about 13. To be honest we were a bit shocked at first, but we kept sneaking in to have another look, and after a while I decided that it modelling like that was exactly the sort of thing I wanted to do when I grew up!"

Well that's great, although we can't really countenance the idea of teenagers flicking through the magazine. Erm, but hang on – does your old man still buy the magazine now? He might be a bit shocked to see you in it…

"Oh – I didn't really think about that!"

Sultry, sophisticated… and sexy! Yep, Beth here's got just what it takes to get us sitting up paying attention! And while she's got a bit of a Mediterranean look about her, it turns out her heritage is altogether different…

"Yes, people often think I'm Spanish or Italian, but in fact I owe my looks to my Grandmother, who was from Madras."

Hmm, well that explains it, then, although perhaps we ought to point out that it's called Chennai these days. So did she inherit anything else from Granny, we wonder…

"Well, I can make a pretty mean curry – but that's probably it."

That's plenty good enough for us, we think we're in love!

When Rupert Murdoch relaunched the struggling *Sun* newspaper in tabloid format in 1969, he began publishing photographs of clothed glamour models in suggestive poses on page three in a bid to boost flagging sales.

Over the years the pictures became more explicit, and girls posing topless became the norm. By the mid-70s *The Sun* had established itself as one of the most popular newspapers in the UK, and much of the credit went down to the introduction of the Page Three girls.

Other tabloids like the *Daily Mirror* and the *Daily Star* began to follow suit, and in an effort to compete introduced similar semi-clad 'stunnas', to their publications.

The exposure, if you'll excuse the pun, led to many Page Three girls becoming celebrities in their own right, and top-shelf magazines clamoured to persuade them to go all the way and appear fully naked on their pages in order to attract a huge following of Red Top readers who wanted to see everything on display.

Mayfair was more successful than many, and over the years has featured in the buff some of the most famous girls ever to go topless in a tabloid, further emphasising the magazine's association with busty models boasting womanly figures. The Page Three girls and *Mayfair* were a marriage made in heaven, and such was the reputation of the magazine at that time that the topless stars were usually more than happy to go all the way for its 300,000 readers.

Kirsten Imrie

Born in London but raised just outside Edinburgh, Page Three legend Kirsten Imrie only decided to try her hand at modelling after being made redundant from her job working in a factory.

She made her first appearance in *The Sun* in 1988, and went on to pose more than 50 times as a Page Three girl. Such was her popularity that Imrie went on to work as a TV Presenter, albeit on now defunct cable channel Live TV.

After problems with debt, alleged drug addiction and even homelessness in the late 90s – Kirsten was at one point apparently sleeping rough on South London's Clapham Common – thanks to donations from the readers of the *Sunday People* and the *News of the World* she was thankfully able to find her feet again.

Imrie and her splendid breasts have graced the pages of *Mayfair* on numerous occasions, both in her Page Three and TV presenting heyday and recently, when she rolled back the years to in Volume 44 Issue 4 at the ripe old age of 41. As you may have seen for yourselves, she still looked incredible, and the shoot marked an incredible comeback for the popular model. Her appearance sparked a flurry of fanmail from our readers, proving that busty girls with natural figures never go out of fashion.

Kathy Lloyd

Welsh beauty Kathy Lloyd went from Top Shop to topless when she appeared on Page Three of *The Sun* in 1986. The antithesis to the cavalcade of busty blondes that were gracing the majority of the tabloids at the time, Lloyd's model looks and nigh-on perfect body soon propelled her to becoming one of the most popular Page Three girls in the country alongside the likes of Red Top legends Samantha Fox and Linda Lusardi.

An inevitable foray into television work came in the early 90s, but apart from a two-year stint as a Bob Monkhouse's hostess on the gameshow *Bob's Your Uncle*, the transition was largely unsuccessful, and Kathy eventually elected to return to modelling full-time.

She's posed for many of the Lads' Mags and *FHM* made her one of their Top 100 Sexiest Women in the World in 2005, but we don't think she's ever looked more appealing than when she appeared on the cover of *Mayfair* Volume 25 Issue 3 at the very peak of her powers.

But of course, feel free to judge for yourselves…

Donna Ewin

DONNA EWIN
IN ORBIT

East-London lass Donna Ewin was another girl who found fame with *The Sun*, establishing herself as a reader favourite during the late-80s and early-90s.

After finishing second to Kathy Lloyd in the 1990 Page Three Girl of the Year competition, Ewin was in greater demand than ever, and was a hugely popular Page Three regular right up until her final appearance in 1992.

Donna first featured in *Mayfair* as 'Nina Downe' (an anagram of Donna Ewin) with the accompanying words making her out to be a complete unknown, before the generously-breasted brunette appeared on the cover under her Page Three moniker and dressed as a sexy French Maid for *Mayfair* Volume 25 Issue 11.

In slightly more recent times, the buxom beauty rather randomly played various roles in the hit late-90s comedy *The Fast Show*, and went on to feature in the orgy scene of the Stanley Kubrick movie, *Eyes Wide Shut*. In case you were wondering, she's the masked girl with the particularly large breasts.

Ewin apparently now works as a London cabbie, possibly regaling her fares with tales of Page Three and *Mayfair* – whilst driving the long way round, naturally.

Next Month: More Page Three...

Grrr! Cindy here's got a bit of a feline look to her, we thought, but luckily she doesn't seem to be the sort who likes getting her claws out in public – just that fantastic body of hers! And given that this is *Mayfair* and not some run-of-the-mill top shelf mag, we thought it'd be nice to kit her out in a luxurious chemise as an added bonus! The only trouble was, she looked so horny in it, we were actually pretty reluctant to see her discard it! Thankfully she was so professional – not to mention turned-on! – that we couldn't stop her in the end.

Six of the best...War Films

What with *The Hurt Locker* bagging the Best Film Oscar the other week, TRISTRAM SMITH figured it was time to strap on his Mae West and settle down in front of a load of war films. These are the ones that, erm, flooted his boot…

1• All Quiet On The Western Front

WWI was a thoroughly unpleasant ordeal, by all accounts, as numerous books after the event testified, but it took until 1930 before the big screen really had a go at portraying it with this adaptation of Erich Maria Remarque's novel of the same name. Made in America, the film niftily sidesteps petty nationalism by viewing the war through the eyes of a young German soldier caught up in the horror, played by the unknown Lew Ayres. Of course there are action sequences in there, but it's Director Lewis Milestone's treatment of the quieter, tender moments between the fury that really leave their mark, and quite deservedly bagged the Best Film and Best Director Oscars. OK, so to modern eyes the film's 1930 vintage may make it a tad dated, but as a genesis of the (anti-) war film, it's pretty hard to beat.

2• Paths Of Glory

And while we're on the subject of The Great War (which doesn't seem to have featured in as many flicks as it really ought to have), it'd be remiss not to include this one – which amongst other things brought Director Stanley Kubrick to the world's attention for the first time.

based on the novel by Humphrey Cobb, it tells the tale of a suicidal French attack on a strongly held German position, reluctantly led by Kirk Douglas's Colonel Dax. When it all goes to shit, Dax's furious superiors blame the soldiers themselves, and resolve to execute three of them *pour encourager les autres*. Dax defends them at the court martial, but in vain, and the thee hapless, innocent men are shot. Doesn't sound like a bunch of laughs, does it? Still, as a indictment of the folly of war, and in particular the wrong-headedness that characterised the leadership in WWI it's a powerful film, and stands as a testament to Kirk Douglas's principled Hollywood career.

3• Come And See

While a good proportion of war films concentrate on military exploits of one sort or another, there are plenty more for whom the main emphasis is those inadvertently caught up in conflict, so while Aleksey Kravchenko's Florya is, ostensibly, recruited into the militia to fight the German invasion of Belarus, as a fighting unit he's a bit of a non-starter and the film is really about his struggle to survive in the face of increasing peril and, well, barbarity. It's a harrowing ride, with young Florya looking like more like an old man by the time the Germans are beaten back – and it's little wonder! Director Elem Klimov unfurls some staggeringly memorable set pieces, each handled brilliantly – in fact the Klimov himself promptly hung up his boots after this film, realising that all he'd wanted to do and say had been achieved. Coming of age films don't get any grimmer than this!

4• The Dam Busters

Well, we had to include one film about British ingenuity and pluck, didn't we, and this one just about ticks all the right boxes. Of course there were plenty of examples to choose from (anything from *I Was Monty's Double* to the faintly ridiculous Bletchley Park-themed *Enigma*), but *The Dam Busters* has got everything you could want from a Brit war flick in spades. A top notch theme tune (so beloved it regularly gets an airing at the Cenotaph these days), a backroom boffin struggling to come up with a solution to a seemingly intractable problem (Michael Redgrave's Barnes Wallace twigging to the benefits of topspin when it comes to keeping bombs above water), and some nerve-jangling bravery courtesy of Richard Todd's Guy Gibson leading his 617 Squadron against the rather well defended dams. And so what if the dam busting didn't win us the war – it was an astonishing tale and this film stands as a worthy testament to those who took part.

5• Apocalypse Now

The Vietnam War coincided squarely with the birth of a new wave of American cinema (coincidence? probably not), and pretty well every director worth his salt got stuck in to the meaty moral dilemmas thrown up by the conflict. While there are strong claims to be made for the likes of *The Deer Hunter, Full Metal Jacket* and Platoon, I reckon Francis Ford Coppola's epic takes the laurels. Famously based on Conrad's *Heart of Darkness*, its following of Martin Sheen's Willard through the jungle in search of Marlon Brando's enigmatic Colonel Kurtz is crammed full of memorable vignettes, with the use of music ranging from Wagner to The Doors ensuring that the mesmerising action onscreen is firmly burnt into the consciousness. With the restored version well over 3 hours, you'd be hard pushed to find a movie of similar length keeping you quite so gripped from first to last.

6• Das Boot

There are a few out and out German flicks that merit a mention, but in the end I figured it was a toss-up between *Downfall* and this; two very different looks at Germany's role – and culpability – in WWII. Whilst 2004's *Downfall* took as its heart the inner sanctum of the Nazi regime, here the Nazis are a remote, largely ridiculous (but inevitably malign) presence for the submariners crammed aboard the titular boat and harrying British convoys during the Battle of the Atlantic.

The claustrophobic atmosphere ratchets up the tension to near unbearable levels at times, as when the boat's being depth charged, while the interplay of characters and Director Wolfgang Peterson's attention to detail ensure that the film remains utterly riveting even in the quieter moments. And to add to the authenticity, apparently the cast were ordered to stay out of sunlight for the duration of filming to ensure they remain suitably pallid – and you probably will be too, after watching the $3^{1/2}$ hour Director's Cut!

21st Century Toys

Fo shizzle me nizzle, its JAMES SAINT come to drizzle his tech jizzle in your fizzle. Dawg…

Anyway, so I was on the train coming back from that London the other night and, as it often is with artists such as me, I felt the presence of the muse. Naturally, I whipped my pen and notepad out and started sculpting sentences from solid words. As it transpired it was a poem I'd entitled 'I'm Going To Kill Everyone in this Carriage with the Great Knife I Have in My Pocket' and do you know what happened? Some idiot saw it and set security on me, convinced I was a potential killer!

"Look," I reasoned, "it's a poem. If I was going on a killing spree I'd have brought a gun rather than just this blade!" I said, unwisely waving it in his face.

Anyway, the point is that people are always willing to jump to conclusions. Take me, for example – just because I know a lot about tech, people assume I'm some kind of geeky nerd with no social skills, no sense of personal hygiene and probably some festering sociopathic disorder bubbling away under the surface waiting to burst out in a brutal ballet of blood-letting. Which is wildly inaccurate. And if I ever catch anyone saying that, I'll kill them! Hmm, can we not print that? It may harm my defence...

VICTORINOX
SWISS MADE
STAINLESS

Do you work for MI5? Do you have difficulty remembering where you left stuff, such as your official Secret Womble laptop? Could it be in the tapas bar? The backseat of that taxi? In the hands of Al Qaeda? Well, we're all screwed then, aren't we? Well, the realm would have been safe if only you'd stored all your shady info on the new Secure from Victorinox. A small Swiss Army knife with blade, LED torch, ballpoint pen, scissors, nail file, screwdriver and, just in case, an impenetrable USB storage device with fingerprint-only access!

Yep, Victorinox have used a unique integrated single chip to ensure that cracking the device is impossible and, as added security, it can even encrypt data on your computer while the memory stick is in use.

Available in sizes from 8GB to 32GB, now all our secrets can be kept safe from wannabe Democracy-B-Goners, and if that weren't good enough, you can even stab very small people to death if you wind up in a corner – and keep your nails looking neat while you're at it!

Legality is such a grey area when it comes down to it. At the moment, the only way to legally own HD movies is on Blu-ray disc, but just imagine if you could download fine 1080p definition film fare from somewhere to watch without all that tedious 'disc go in, disc come out' nonsense.

Mind you, if that were possible, you'd need somewhere to store them. Somewhere with a massive storage capacity of, say, up to 2TB. And somewhere with an HDMI port too, so you could just hook it up to your TV. Oh, and a remote control would be good as well, so you wouldn't have to shift from your arse-groove on the sofa.

That said, if it was remote control operated, it'd have to be on open display, so would have to be good looking too. Now if someone were to bring out something like that, people would go mad for it...

Jawbone ICON

Price: approx £80
www.jawbone.com

There's not been a lot of movement in the world of Bluetooth headsets for some time, mostly because they're all a bit cock really. OK, unless you have a fancy in-car system, they're the only legal way you can have phone conversations while you're driving, but… still mostly cock.

However, the ICON could possibly add a bit of much lacking style to the Bluetooth headset world. How? Well, for a start, you can rig it up to your computer and set-it up just the way you like it, personalising things like the voice – yes, voice – that tells you who's calling and how much battery life you have left, DialApps like free directory assistance, voice-to-SMS and voice dial, and something called Simultaneous Multipoint that lets you switch between two calls. Not bad.

There's also a range of models available, all with 4.5-hours of power and the ability to pair with up to eight devices. OK, you'll look an absolute cock, but if you can be arsed to explain it to everyone, you might just inch up the cred scale. Possibly.

sWaP Signature

Price: £350

sWaP
signature

We've looked at the Smart Watch and Phone in this magazine before – and, God knows, we almost certainly slagged it off something chronic – but in any event here is the brand new version, the Signature.

An unlocked tri-band watch-phone that you simply slip your SIM card in, and while there's no doubting that this model is better looking than its hideous older sibling, it's still massively cumbersome and pretty much guaranteed to make people think you have some sort of tiny, atrophied arm; especially when you attempt to lift it up and start talking to it…

It's touch-screen controlled and offers WAP Internet browsing, email, music and video (on its 1.5-inch TFT display) – but for all that the mobile phone is, obviously, the killer 'app'. Now, there are different ways of doing this: talking to your wrist – a quick way to a savage kicking; using plugged in headphones/mic – awkward when driving; using the bundled Bluetooth headset – better, but why not just use a normal phone?

OK, so if you want to feel like Maxwell Smart but can't wait for a shoe version this'll keep you going, but for the rest of us this is one off the wrist that serves no point…

Sony ICF-C71PJ

Price: TBC

Let's face it, we're all extremely unlikely to ever have the pleasure of waking up to a nymphomaniac supermodel *(Hey, speak for yourself! – Ever Optimistic Ed.)*, so you may as well settle for waking up to the technological equivalent: the Sony ICF-C&1PJ. Okay, it may have a name clumsier than a wank from a pig, but with its slim, aluminium finish, FM/Am tuner, line in for your MP3-player, thermometer to display the ambient temperature of your bedroom (make of that what you will), and all the usual alarm functions, it's still one of the sexiest clock radios on the market…

But there's something else too. It's got a built-in projector. Yep, finally, for people who cannot and will not be arsed to turn their heads, now the time can be projected onto the wall or ceiling instead, thanks to the Sony's side-mounted swivel projector! A function that, although we never knew we needed it, we will now all demand!

Look at them! Look at them! They look like a handsome pair of crystal skulls from that last Indiana Jones film, don't they? But, rather than burning your mind, these saucy see-through soundmakers will blow it instead. Your mind that is, not your cock.

A desktop audio system hewn from solid something, these cunning Karmon Hardons offer audiophile (audiophile, I said, so put the pitchfork down) sound thanks to their hefty weight, arse-kicking Atlas woofers and aluminium tweeters, all backed up by – wait for it – yep, built in DSP (Digital Signal Processing) equalisation and a whopping 56W per speaker!

Add to that touch-sensitive controls and a mini jack input for literally any audio source and there's no more beautiful sounding or striking looking speaker system to stick on your desk. And, yes, you could probably get your cock in the bass port too.

Petite Tiffany Diamond's just the sort of girl we'd like to pop into our pocket and take home – although in all honesty our feelings towards here aren't just protective. OK, so we'd be more than happy to take care of her and shield her from all of life's hardships, but hey – we're only human, and she's one gorgeous creature! But would she like to have a Sugar Daddy?

"Like one? I've already got one!" she told us, when we ran the idea past her. We tried to tease more details out of her, but all that she would say was that he was 'about 20' years older than her, and had a lovely apartment in Green Park. I think we can deduce one more fact about him – he's a bloody lucky bastard!

A few days ago I had the greatest sex session ever with my boyfriend. The thing which made it so special was that it involved another person.

Although I do not think of myself as lesbian, I have from time to time fantasised about being with another woman, but only ever as part of a threesome with a man. Until last Saturday, this fantasy had been no more than a guilty secret.

One of my friends, Helen, broke up with her boyfriend and had asked to come over. The timing was bad as it was a weekend when Joe was not working and we'd planned to spend all of it together. However, Joe was understanding, even offering to stick around to offer support.

Luckily Helen tends to bounce back pretty easily after a knock, and before long all three of us were pretty merry after two or three bottles of wine.

I can't help myself. After a few drinks I become quite amorous and I cuddled up to Joe. Joe, who is more sensitive than me, remarked that Helen looked like she needed a cuddle too.

Helen joined us on the sofa, and, after a few minutes of us all cuddling up, things got more sexual than comforting. To my amazement, not only was Helen kissing Joe, she suddenly leaned across him and kissed my lips as well.

> "I opened wide and swallowed as much of his cock as I could…"

Without giving my brain time to process what was happening, I just went with it. Joe made sure to give us both the same amount of attention, and encouraged Helen to get stuck into me.

As Helen slowly stripped me off, Joe did the same for her. He licked and kissed her as he removed each garment. When Joe removed Helen's bra, he cupped her breasts from behind, and commenting on their beauty, he asked me if I wanted to lick and suck on them. I blushed, as this was one of my most secret fantasies, then set to licking around her engorged areolae and hardening teats.

Curling my tongue around her sensitive little nubs, I smiled inwardly as my pussy began to juice. The reality was way more pleasurable than the fantasy, and as Helen purred and leaned back against Joe I grew more daring and began to finger her slit.

Joe's smile widened when he saw how into Helen I was, and he cooed soft words of erotic encouragement to us. Helen's hands ran down the curve of my spine and onto my buttocks, and she lightly tickled my skin, making me quiver as we began to finger each other's pussies. Her touch was more subtle than a man's, but she knew just how to work me, and before long I was writhing on her diddling fingers and I came, sprinkling her fingers with my juices. Helen groaned and her own orgasm hit her.

Joe, who had stripped naked and was watching the show with great delight, suggested that Helen go down on me, while he pleasured her from behind.

She sat up, and for a moment I thought Joe had pushed too far, but her eyes held mine and she asked if it would be OK with me. I smiled and promised her that I was enjoying myself too. I told her that if this was helping her to get over her man then it was a bonus.

Joe had his cock in hand, readying it to service Helen. He moved in front of me, and, pushing it to my lips, asked me to lubricate it. I opened wide and swallowed as much of his cock as I could, sucking and licking his shaft as I fondled his ball-sac. Meanwhile Helen got stuck into my soaking vagina with her tongue, licking me out while I sucked Joe.

Joe pulled back suddenly, smiling at me as he did so and tweaking one of my nipples as he warned that he was too close to coming to stay in my mouth. I didn't mind because Helen was hard at it, giving me the finest licking I have ever had.

As Joe positioned himself behind her he smiled at me. It was strange but it made me feel even more excited knowing my man was fucking my friend. I don't know why nor do I even want to understand it, but I was totally getting off on the situation.

When Joe pulled her arse-cheeks apart and lodged his cock in Helen's fanny, she gasped into my pussy, sinking her tongue even deeper. I felt my pussy muscles contract at the sight of them fucking and as he drove his cock in deep I came hard into Helen's mouth.

It seemed to work for her, too, because she slurped and sucked on my labia and clit, prolonging my orgasm. I stared open-mouthed as wave after wave of pleasure engulfed my whole body, and all the while Joe pounded Helen's pussy. She gulped and gasped as he neared his climax, and, replacing her tongue with her fingers, began to frig me in time to Joe's thrusting cock. All too soon it was over, as Joe reached forward and pinched Helen's nipples, pushing her over the edge as he basted her pussy with his come.

I was not left out of the action, however: Helen fiercely finger-fucked my already satisfied pussy and I came one last time, gasping noisily as tremors of pleasure shot through me, and no doubt giving the neighbours a treat!

We haven't done this again since that time, but Helen phones me almost every day and Joe has been hinting about trying it again. I have not let him know, but I am planning a surprise for his birthday next month… and Helen is going to be the only guest!

Last year I split up with my kind, respectable, gentle, stable boyfriend. He was what most women would look for in a man, and I did too, but he was short on just one thing and it proved to be our undoing – he was boring. When it came to thrills, excitement and the wild life, he thought having a few pints in the pub and then going home for a drunken shag with the lights on was the height of libertinage.

After two years of living with him, all the good things about him shrunk into the shadows of my mind and all I could think about was how utterly bored I was. You wouldn't know it from my job as a hospital administrator, or from the way I dress and cut my hair, but at heart I am a wild child, and I had been waiting to break free for a long time.

I suppose most people would feel a bit sad about breaking up no matter who finished it, but the day after we split I was out on the tiles, kicking my feet up ten feet high. There had been a bad girl in me since I was a teenager, but the way I had been brought up meant that I had always suppressed her. But then, with the elation of my freedom, I went clean off the rails.

I had called my girlfriends with the news, though they had all known for some time that it was on the cards, and arranged a night out for us all. I'd already gulped down a couple of vodkas by the time we dove into a nightclub, and had drunk just enough to let the vixen in me take centre stage.

I scanned the club, looking for some guys who oozed rebel – two men who would help me out with a long-standing fantasy.

There were one or two who looked a little like they might be naughty boys, but for a while there I wasn't too sure. And then, just as I was starting to doubt such men existed, two perfect examples walked into the club. It was something about the way they too scanned the room that told me these two were the right ones. They looked like sharks in a reef, big fish in a little pond.

As soon as they went to the bar, I was up and over to them, placing myself between them both with a little bump of the hips to make sure their attention was directed at me.

"You're a bit of a live one, aren't you?" said the taller of the two, Michael.

"Careful, Mike, I think she's on the pull," said his friend, Joe, his arm slipping round my waist. I gave out all the right signals, coming on as a flirty, fun-loving, good time girl, and soon they were both putting their arms round me, their crotches rubbing against my thighs 'accidentally' just to see how I'd react. I reacted by pushing back with my leg, hoping that I'd feel a cock or two growing there. Twenty minutes later we left, they with a hand on each buttock, me with a sly grin at my girlfriends.

In the cab back to their place the talk was all sexual as I sat between the two of them on the back seat, feeling them both up. By the time we got back to their place, I'd say there were more than two hard-ons in that car, the cab driver heard enough to fantasise about for months.

I'd had a definite suspicion that these two had done this sort of thing before back in the club, and when we got in those suspicions were confirmed. They had me out of my clothes in no time at all, and I found myself sitting on a sofa, totally naked, my legs wide open as Joe lapped at my pussy and Michael knelt beside me, his penis in my hand, his fingers running through my hair.

"I had as much fun as a girl could have with two rock hard cocks in front of her…"

Out in the hall, they had undressed me, sucking on my nipples together, their hands all over my bum and thighs, fingers brushing my slit and pulling my cheeks apart. I had been wet since the cab ride home and my nipples were jutting out, wanting more attention.

Joe stood up and slipped out of his shirt. Pulling his trousers down I was greeted with the sight of his cock right in front of me. All I had to do as sit up and it was at the perfect height to suck on. Without letting go of Michael's throbbing shaft, I sat up and licked Joe's cock till it was dripping with my saliva. Michael joined his friend in front of me and I took each of their members in hand and wanked them slowly off, watching the way they reacted differently. Then I experimented with different techniques, sucking on Joe's testicles as I wanked Michael hard and fast, blowing Michael while teasing Joe's helmet with my thumb. I just had as much fun as a girl could have with two rock hard cocks in front of her face and a mind full of wild fantasies.

The boys took it all with gusto until Joe had enough of being fellated and eased me off of his dick. He pushed me back on the sofa and knelt between my legs. Lifting them up over his shoulder, he dipped his cock into me and ground himself round and round. It felt great to be getting screwed by a new guy. I had a new, bigger dick in me and its owner knew just how a girl like me liked to be fucked. Soon he was thrusting into me hard and fast as Michael took up his spot next to me, rubbing his dick over my face as I tried to take it into my mouth.

When he stopped and withdrew, I didn't wait for them to move, I climbed down onto the floor in a doggie position and told them they'd better get their dicks in me quick because I needed to come – and get comed on.

Michael got in behind me, his hands fumbling around my pussy, fingers on my clit, thumb up my hole, prising me open. Joe pushed his cock into my mouth, making me taste my own juices on the whole length of his rod just as Michael entered me from behind, his thick girth spreading me wide, filling me completely.

This had been the fantasy that had plagued my dreams, being fucked hard from behind onto another cock that was deep inside my mouth. On the verge of orgasm, Joe shot his seed right down my throat, which only made my orgasm that much more intense, and when Michael pulled out and I felt his hot cum splash over my back and bum, I was shocked by how hard I came.

Kneeling there, with spunk rolling down my buttocks, dribbling over my pussy, the salty taste of semen in my mouth, just made me feel even more horny, and I didn't let those two boys get away with just one fuck. That night I fucked them both again, then played with myself in front of them until Joe was turned-on enough to fuck me again. After which Michael was roused to fuck some more. It was a liberating night for me, and made me realise that you can have the most loving boyfriend, but if there's no thrills in your life, you might as well be dating a puppy when what you really want is a dirty dog.

Just before Christmas I'd arranged to meet a mate of mine for a drink, but he'd just texted me to let me know he was running late. It was drizzly and cold as I waited by the railway tunnel where we had agreed to meet. I was just about to call him to find out if he was ever going to turn up when I noticed a light go on in the ground floor apartment behind me. I looked up and standing in the window was a very pretty blonde girl who looked like she was washing up.

I could see her clearly and was admiring her pert tits in a tight top when she looked straight at me and smiled. I thought she would not be able to see me in the dark but she gave me a little wave as I stared at her. I was embarrassed at first both at being spotted but also as I was probably twice her age but she carried talking to someone else in the kitchen. I thought the boyfriend had probably come in to spoil my view.

Just then my phone rang it was Alan. He apologised for being late but he said he had got stuck with family and would be at least another 20 minutes. I was just about to tell him I would meet him at the pub instead when I noticed a pair of hands wrap round the little blonde's tits from behind her. The thing was the hands were quite small and looked like another girl's.

I ended the call with Alan and walked a bit closer to the window and confirmed my initial thoughts as I saw the blonde turn and kiss a dark haired girl who then walked away. The blonde then looked directly at me and smiled. I smiled back nodding my appreciation when she started to point towards the back of the building. I wasn't sure what she was saying but walked towards the rear of the apartment where she seemed to be directing me. I then walked down a grass bank which took me to the back of the block, away from the road.

I was thinking "What am I doing standing here" when the light went on and I could see I was standing outside a bedroom. There were patio doors that led to a little patio area outside and with the light on I could see into most of the bedroom. The little blonde was now sitting on the end of a double bed facing me, the glass of the doors being the only thing between us. She was smiling again as she lifted her top.

I froze now as revealed a very flat tummy stopping at just below her tits. I looked at her urging her to lift further and she laughed before pulling the top off. She was not wearing a bra and I was now staring at a lovely pert pair of young tits. I licked my lips to show her my appreciation and she smiled again before standing and walking towards the patio door.

She was only about a metre away from me now and she undid her jeans, slowly unzipping them. She started to pull them down, there were no panties, turning as she did so she revealed a very cute tight bum first. After stepping out of them she pulled off her little white socks before turning round. She was stunning, about 5ft1 with very small tits but big puffy nipples, tight tummy and bum and a bare smooth pussy. I had a great view of her and I pointed to the bulge in my jeans to show her what affect she was having.

She was then joined by the other girl. She was older, dark long hair and wearing a pencil skirt, white blouse and nylons. She looked at me before running her hands over the blonde's body, feeling her tits and bum before kissing her for ages, their hands moving all over each other. My dick was throbbing now and I started to rub it through my jeans, making both girls smile as they broke off their kiss and looked back at me.

The blonde now sat on the bed, her legs pressed closed but still showing off her great little tits The dark haired one now stepped in front of her and facing me she undid her blouse. She was bigger, and although her tits were encased in a black lacy bra I cold see she was more like a C/D cup. Her blouse was discarded and she now undid the zip at the back of her skirt. She let the skirt fall, revealing panties that matched her bra, a suspender belt and black stockings. She was gorgeous, her hair fell past her shoulders down her tits, her body was fuller than the blondes and I urged her through the glass to show more.

She didn't disappoint. She unclipped her bra releasing her lovely big boobs and then slipped down her panties revealing a trimmed dark bush. She then turned and stepped aside as the little blonde still sitting on the bed slowly opened her legs. She had a gorgeous pussy and I started to unzip my jeans.

Both girls watched and were smiling and I was about to pull my cock out for them when the dark haired girl turned her back blocking my view. I then watched her drop to her knees and start to kiss the blondes thigh's. She positioned herself so that her bum was pointing up, her lips on view inches away from me on the other side of the glass as she started to bury her face in the blonde girl's pussy.

> **“`The dark girl turned round to smile at me, pussy juice visible on her face…”**

It was amazing, and my eyes flicked from the lovely bum and pussy a few inches away, the mass of dark hair buried between the blonde's thighs and the blonde playing with her tits, her eyes closed as her friend licked her eagerly. I took my dick out now and slowly wanked it. It was throbbing and I had to concentrate so I didn't come straight away.

The blonde was now leaning forward holding the dark haired girl's head into her pussy and looking at me, her face showing that she was definitely enjoying herself. Soon her eyes closed and she shot her head back as she came. It was amazing to watch – especially when the dark girl turned round to smile at me, licking her lips, pussy juice visible on her face.

I was wanking fast now and both girls seemed very pleased. The blonde joined the other kneeling on the other side of the glass and both sat with their mouths open as though they were going to take my spunk. They were licking their lips and feeling their tits and clits. I could not hold out any longer and I pumped my dick fast as I shot my seed all over the glass door. There was loads, and I wanked until the final shots splattered the window. The girls were laughing and clapping and licking at the glass as if trying to lick the come while I stood in front of them, my cock still twitching in my hand.

The blonde stood and went out of sight but was quickly back with a small white Board. She wrote a number on it and said text me now. I did and through text we had our first chat the girls sitting on the bed with me looking at them from outside their window, my dick still sticking out of my jeans.

The blonde was called Zoe was 21 and a student. The dark one was Joanne, 25 and an office worker. They were, of course, girlfriends and had got a taste for exhibitionism while on last summer when they knew they were being watched on the beach by someone hiding in the trees. Since then they had always wanted to put on a show and unbelievably I was at the right place at the right time. They said intriguingly if I kept the show a secret we could do it again. I of course readily agreed.

They went then, closing the curtains, while I got tidied up and went off to find Alan.

Zoe and I have now swapped lots of texts as she's shared some of the fantasies Joanne and her want to enact. There hasn't been a repeat yet as Zoe returned to university shortly afterwards although she has put on a couple of cam shows for me. We've arranged for me to be outside the apartment when she returns for Easter. There is also a hint that I maybe invited in this time!

THE THICK OF IT

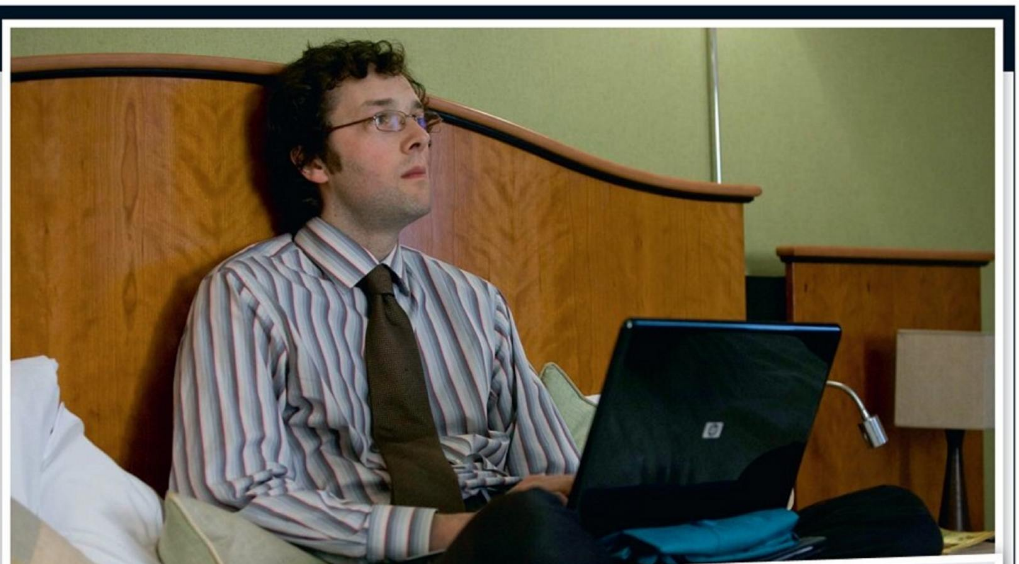
BBC DVD
THE MULTI AWARD-WINNING COMEDY
CREATED BY Armando Iannucci
THE THICK OF IT
Series Three
15
"Is this the best TV programme ever made?"
THE TIMES
DVD VIDEO
2 DISC SET

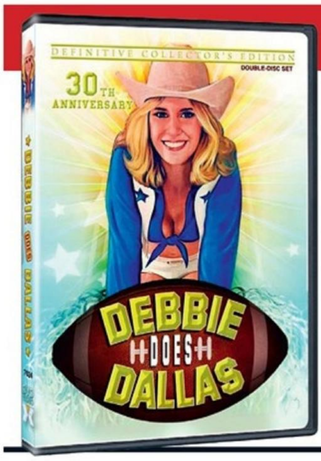
New Labour's greatest achievement during its time in power? Well, you could argue it's been providing the febrile, media-obsessed politics that helped spawn Armando Iannucci's *The Thick Of It* – one of the best comedies to have graced the small screen this century.

While the Thatcher years found a worthy comedic parallel universe in *Yes Minister, The Thick of It* has really cranked up the anger and outrage at political goings-on, with the gentle, vaguely baffled humour of Jim Hacker and Sir Humphrey getting a massive overhaul. OK, so the minister (and in series three it's Rebecca Front's Nicola Murray, replacing disgraced Chris Langham after, perhaps appropriately, a reshuffle) is as clueless as ever, but instead of senior civil servants calling the shots, it's Peter Capaldi's splenetic, Alastair Campbell-inspired, Malcolm Tucker, Director of Communications, who really rules the roost.

There are plenty of great zingers from all the cast, but it's Tucker's frenzied outbursts that provoke most of the genuinely laugh out loud moments. And of course as the wheels have gradually fallen of the New Labour chariot, so Tucker's job has become increasingly strained, leading to a spectacular break-down before the series is out.

With its improvised dialogue and reality-style camerawork, you could watch this several times and find new delights with each viewing, so what are you waiting for?



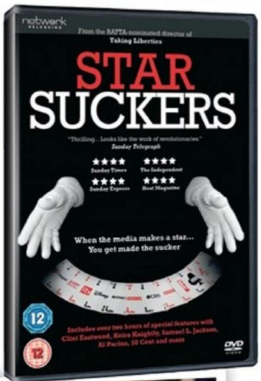


DEFINITIVE COLLECTOR'S EDITION
DOUBLE-DISC SET
30TH ANNIVERSARY
DEBBIE DOES DALLAS

DEBBIE DOES DALLAS

Yes, we're perfectly well aware that this isn't the porn review section, but hey, *DDD* is 30 years old this year, which makes this more of a museum piece than a bongo flick. This special commemorative, two disc edition (available from www.yourchoice.com) features the Bambi Woods film, of course, in all its hairy, hardcore glory (re-mastered, so it doesn't look quite so elderly), but crammed onto the second disc are all sorts of extra goodies, including a softer Cable TV version, and plenty of behind the scenes info, mainly revolving around male co-star Herschel Savage. They sure don't make them like this any more!

STAR SUCKERS



STAR SUCKERS
When the media makes a star...
You get made the sucker

Most of us like to complain about the media's obsession with celebrity these days, but we still buy the magazines and watch the programmes, don't we? So how healthy is this seemingly inexhaustible fixation with fame?

Well, as this spoof-heavy documentary posits, it's all a case of bread and circuses, with us proles being kept enslaved by spurious celebrity gazing whilst at the same time being peddled the dream of media success for all.

OK, it's all a bit of a no-brainer, really, and some of the set-ups, in which children (and their parents) craving success are lightly sent up, seem a bit pointless, but it's a film that was probably worth making nonetheless.

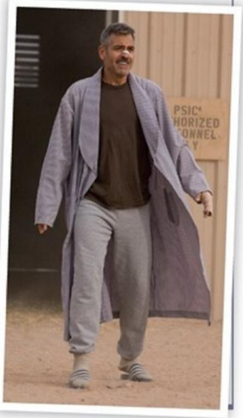
THE MEN WHO STARE AT GOATS

GEORGE CLOONEY
JEFF BRIDGES
EWAN McGREGOR
KEVIN SPACEY
THE MEN WHO STARE AT GOATS
BASED ON A MIND-BENDING TRUE STORY

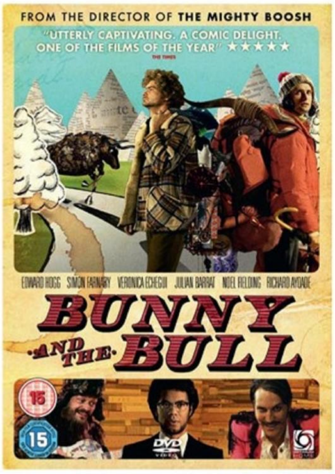
Loosely based on Jon Ronson's book of the same name investigating baffling New Age research carried out by the US military, this flick more or less ditched the documentary aspect of the project, instead grafting some of the loopier revelations thrown up onto comedy story.

Ewan McGregor stars as reporter Bob Wilton, who stumbles upon some peculiar old research into training soldiers as psychic killers (the staring at goats of the title) and subsequently hooks up with one such trainee, Lyn Cassidy (a memorable turn from George Clooney). He's heading for Iraq, and there are some nice comic scenes between the two along the way, before the plot turns a bit silly as renegade psychic Kevin Spacey turns on the project's daddy, Jeff Bridges's blissed-out Bill Django.

Given the mash-up between documentary and out and out fiction, the tone of the film's a bit woolly here and there, but it's certainly fun to watch, with good performances from the four main leads.



BUNNY AND THE BULL



FROM THE DIRECTOR OF THE MIGHTY BOOSH
"UTTERLY CAPTIVATING. A COMIC DELIGHT. ONE OF THE FILMS OF THE YEAR" ★★★★★
EDWARD HOGG SIMON FARNABY VERONICA ECHEGUI JULIAN BARRATT NOEL FIELDING RICHARD AYOADE
BUNNY AND THE BULL

This flick has its genesis in a particular strand of surrealist UK TV comedy, with writer/director Paul King having worked previously on both *The Mighty Boosh* and *Garth Marenghi's Darkplace*, so if both those series left you cold/baffled, you'd probably be wise to give *Bunny* a miss as well! Then again, this is a slightly different beast, and although quite a few familiar faces crop up along the way (*Boosh*'s Noel Fielding and Julian Barratt and *Marenghi*'s Richard Ayoade), immersing yourself in the strange world of Edward Hogg's Stephen Turnbull for 100 minutes or so provides plenty of diversions. OK, so at one level it's clearly a film about mental illness, with Stephen downcast and agoraphobic following a broken heart the year before, but with its array of characters and dazzlingly inventive recreation of a road trip that takes place without actually leaving the flat, it'll make you laugh alright, which is good enough for us!

THE BIG BUTT BOOK

DIAN HANSON
The Big Butt Book
TASCHEN

Hats off to publishers Taschen. With the *Big Book of Breasts* and *Legs* they've created some perfectly produced eye-candy for every high-minded perv's coffee table, and now they've gone and done it again – with arses!

Now whether you consider yourself an arse man or not, it's hard to deny the appeal of a nicely curved female botty (for God's sake, if you're reading *Mayfair* you must be aware of that!), and there are some absolute blinders on display in the 372 pages of beautifully reproduced photos here.

OK, so not everyone would agree that the best butt is a big butt, but luckily it's not all about size; yes, there are some humongous glutes features (most notably those atop the legs of Buffie The Body and Brazil's appropriately names Watermelon Woman), but there are also plenty of more modest offerings to ogle.

Ace snappers like Ed Fox, Terry Richardson and Richard Kern feature, making this top-notch erotica!

Lizzie

Age: 24 **Vital Stats:** 33C-23-34
Photographer: Paolo Tallarigo

When girls get into modelling, this is probably the sort of thing they have in mind – sprawling about in a grand Italian palazzo while a slew of admirers and hangers on stand about trying not to stare too obviously at her firm young body! Not that Lizzy minded all the attention!

"This is what it's all about, isn't it?" she enthused as she sat by the balustrade during a break, having her make-up touched up. "Glamorous trips to Italy and appearing in *Mayfair* – that's got to be good enough for one day's work, hasn't it?!"

It certainly has – if you can really call lying about in the nip 'work', that is…

**A guy goes up to a girl in a bar and says, "Hey baby, what's your sign?"
Looking him up and down, she replies, "No Entry!"**

A man approaches a very busty, beautiful woman in a supermarket. "I've lost my girlfriend," he tells her. "Can you stand here and talk to me for a few minutes?"

"Sure, but I don't understand how that would help," she replies.

"Well, it seems like every time I talk to a woman with boobs like yours, she appears out of nowhere."

One afternoon, a wealthy lawyer was riding in the back of his limousine when he saw two men eating grass by the roadside. He ordered his driver to stop and got out to investigate.

"Why are you eating grass?" he asked one man.

"We don't have any money for food," the poor bloke replied.

"Oh, well, you can come with me to my house," instructed the lawyer.

"But, sir, I have a wife and two kids with me!"

"Bring them along!" said the lawyer. He turned to the other man and said, "You come with us, too."

"But, Sir, I have a wife and six kids!" he answered.

"Bring them, as well!" answered the lawyer, as he headed for his limo.

They all climbed into the car, which was no easy task, even for a car as large as the limousine. Once underway, one of the poor fellows says, "Sir, you are too kind. Thank you for taking all of us with you."

The lawyer replied, "Glad to do it. You'll really love my place. The grass is almost a foot tall!"

A 75-year-old man goes to confession and tells the priest, "Forgive me father for I have sinned. I had sex last night with two gorgeous 20-year-old girls, and I had sex with each one three times."

The priest says, "How long has it been since your last confession, my son?"

The man says, "I have never been to confession in my life – I'm Jewish."

"So why exactly are you telling me this?" asks the priest.

The man says, "I'm telling everybody!"

An 18-year-old girl walks into a pub and rips off her clothes and asks: "Is there anyone here man enough to make a woman of me?"

A man stands up, removes his shirt and says: "Here, iron this!"

**How many members of U2 does it take to screw in a light bulb?
Just Bono. He holds it and the world revolves around him.**

**DID YOU HEAR ABOUT THE GUY WHO STAYED UP ALL NIGHT TRYING TO FIGURE OUT WHERE THE SUN HAD GONE?
IT EVENTUALLY DAWNED ON HIM.**

A man goes into a sandwich bar and reads the menu. Cheese sandwiches £1.50; ham sandwiches £2; tuna sandwiches £3; full body massage £20.

He beckons over the saucy looking waitress and asks, "Are you the one who gives the full body massage?" to which she huskily replies, "Why yes I am" and gives him a knowing look.

"Well wash your hands Love, I want a cheese sandwich."

A guy spots a sign outside a house that reads: 'Talking Dog for Sale'. Intrigued, he walks in.

"So what have you done with your life?" he asks the dog.

"I've led a very full one," says the dog. "I lived in the Alps rescuing avalanche victims. Then I served my country in Iraq. And now I spend my days reading to the residents of a retirement home."

The guy is flabbergasted. He asks the dog's owner, "Why on earth would you want to get rid of an incredible dog like that?"

The owner says, "Because he's a liar! He never did any of those things."

A bloke goes to a psychiatrist and says, "Doc, my brother's crazy, he thinks he's a chicken."

The doctor says, "Why don't you have him put in the loony bin?"

The guy says, "Well we would. But you see the eggs come in handy."

Two Irish guys are fishing. The first guy reels in his line and sees that he's snagged an old bottle. As he's taking it off the hook, a genie pops out and promises to grant him one wish.

"Turn the lake into beer," he says.

The genie goes "Poof!" and the lake turns into beer.

The bloke, chuffed to bits, says to the other guy, "So what do you think?"

The other man says, "You eejit. Now we've got to piss in the boat."

The Pope was getting into his limo one night when he turned to the limo driver and said, "You know what, before I die I would love to drive this beautiful limo just once."

"Well," the limo driver says, "come up here and take the wheel for a bit, Your Holiness, and I'll get in the back!"

Further down the road the limo is stopped by a policeman who walks over to the driver's window, sees who's sitting in the front seat and runs back to his squad car. He calls the station and says, "I just pulled over someone really important and I don't know what to do."

"Well, who is it?" his dispatcher says. "The mayor? The governor? The president?"

"I don't know exactly who he is," the officer responds, "but the Pope is his chauffeur!"

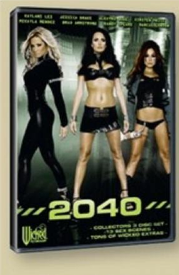
Sci-fi porno robots, great big knockers, a coy young thing coming over all lesbo and some saucy girls next door? Yes, that should just about do the trick!

2040

Wicked/www.blissbox.com



Cast: Alektra Blue, Alexis Texas, Janet Mason, Jerry, Jessica Drake, Kayla Carrera, Kaylani Lei, Kirsten Price, Mikayla, Tory Lane.

Boiled down to basics, the complicated plot of this glossy sci-fi offering from Wicked – all the more terrifying because it's so plausible – envisages a future when DVDs and VHS tapes have been superseded, and porn performers fuck without knowing which, if either, of them is actually a pleasure robot with realistic rubber genitals powered by pistons.

Alektra Blue stars, cast against type in the role of a synthetic entity who'll get jiggy with absolutely anybody. When she starts to display human emotions, things start to go awry.

Giving especially good accounts of themselves are Alexis Texas – who, in character as a sex robot, blows her neural net when she comes off in reverse-cowgirl – and, of course, Alektra, who, as "Mira the Anabot" is delivered in a giant metal container to Marcus London and Randy Spears.

Things get red hot when the male duo put their new robot through her paces. Marcus is impressed, but "Mira" responds to Randy's attempts to lick her out and arse her with cries of "Ouch" and something resembling human emotion, so Randy falls in love with her. Touching, really. ★★★★☆

Natural Knockers

Adam & Eve

Natural Knockers

Cast: Evie Delatosso, Jennifer White, Jessica Moore, Charley Chase, Riley Evans.

When it comes to knockers, I agree with the title: better natural than unnatural. Plus, for yours truly, the bigger the better – an opinion which director David Lord plainly shares, because the lovely young ladies on this disc all have ruddy great chest-Zeppelins.

Bursting out of the upper storey of her shiny bikini, Jessica Moore struts her stuffing in somebody's bathroom, kneading her busty substances with both paws and occasionally bending over so she's staring back at us between her legs with her hair hanging down like an upside-down face with a beard. It's a wonder she doesn't give herself a slipped disc when she stands up and slaps her monster mamms against some lucky bloke's knob.

Also light years from "Silicon Valley" are the fabulous natural funbags of Charley Chase. Charley works her space hoppers marvellously as she sucks cock, then supplies her lucky stuntcock with the tit-fuck of a lifetime. I say lifetime with confidence, because after he junks, gasping, his body appears to go limp and I don't give too much for his chances of recovery.

Other gorgeous girls on this fine DVD include the smiling Evie Delatosso, who follows her tease with some of the finest fellatio I've seen since my last spell in prison. ★★★★☆

Lia's First Time

Vivid Video

Lia's First Time

Cast: Lia, Ashlyn Rae, Brynn Tyler, Chloe James, Heather Carolin, Jasmine Delatori, Sadie West, Taylor Vixen, Tiffany Star, Zoe Britton.

Hard to believe, in this day and age, that any virginal would-be porn starlet would possess the integrity to save herself until a camcorder team arrived to film her cherry being popped. Only thing is: it isn't popped at all; not really. Turns out, this is an all-girl flick, and so despite the fact that a succession of other beautiful broads bring the titular babe to orgasm in the course of some truly sizzling Sapphic action, by the end of the disc poor Lia still wouldn't know a cock if she tripped over one.

Even so, I tripped over mine a few times while watching this, so I'm not complaining.

"First time" or not, this is certainly Lia's debut for Vivid. She's joined by some choice crumpet too, with sometime Playboy Playmate Heather Carolin and 2010 Penthouse Pet of the Year Taylor Vixen heading up the supporting cast.

The first of Lia's first times is a solo scene with a vibrator, and she manages to frig herself to orgasm quite nicely without anybody roaring instructions from the wings.

The trysts with her co-stars which follow are hotter still – a definite highlight being her lesbian wrestling match with the ferocious Sadie West.

So... a hot flick? Hot enough that I had to spray my cock with Burn-Ease. ★★★★☆

Janie Summers' Girl Next Door Digital Playground

Digital Playground
girl next door

Cast: Starring: Janie Summers, Aletta Ocean, Alexis Texas, Charles Dera, Faye Reagan, Kerry-Louise, Lexi Belle, Monique Alexander, Tori Black.

I found this disc somewhat difficult to rate, since, like so many porn flicks, the content fell somewhere between incredibly good and absolutely armpit-gobbling awful. This said, on the whole I am going to incline towards "incredibly good" by reason of the fact that I came off so many times that a nosy neighbour tipped off the media and the television news vans turned up.

"Next Door" may indeed be the place where these fabulous young sploshers originate, but the real theme of the flick appears to be scenes with two girls jumping solitary blokes.

Partygirls Janie Summers and Faye Reagan waylay an unwary nude Manuel Ferrara, sucking him dangerously close to dessication before our hero begins to fight back and sticks them both up the gicker with his mighty flesh crowbar. It's a tough bout, with Janie and Faye eating rumps, but no knives or forks are involved and Manuel wins on points.

Another stand-out shock-and-awe double-chickie threeway sees recently crowned industry Performer Of The Year Tori Black and Monique Alexander launch yet another erotic assault on poor old lucky sod Manuel.

While Tori and Monique munch each other's rugs Manuel cunningly pokes his pole up Monique's back passage before fumbling his hose into Tori's mouth and bouncing up and down as he shunts her skull. Tori wails and claws gratefully at his buttocks with both hands. Small wonder she got Performer Of The Year. My wife still can't get this particular manoeuvre right, no matter how many jolts from the car battery she receives.

On balance, I'll go with "five stars" and "a delightful hardcore treat". ★★★★★

Movie of the Month

Sally

PHOTOGRAPHED BY
SIWER OHLSSON

MAYFAIR Classic

There's been a lot of talk of late about how standards of education have been falling for years, and all of a sudden it looks like we've unearthed some evidence of our own! How? Because back in 1982 young Sally here was (hopefully, at least) on her way to Cambridge! Now we've come across quite a few more recent graduates from that illustrious university, and it has to be said, they simply don't stand up in comparison to our Sal.

WorldMags

After one look at pretty 19-year-old Sally Lyle we decided she was just our type. The reason? Simple really, for Sally's father is the owner of a small London printing firm. 'I suppose you'll have lots of jokes in about me having 34 points,' giggled Sally who, in case you hadn't realised, measures an appealing 34-22-34. Sally, who last year gained three A-levels in English, History and French, is hoping to secure a place at Cambridge.

'I really enjoyed posing for Siwer,' admits Sally. 'I've always wanted to do something really outrageous or shocking, like that girl at Twickenham. I don't think I'd have had the nerve, however, to do it live, so to speak. It's different appearing in *Mayfair* – I'm not conscious of all those men looking at me in the flesh. It makes me all tingly thinking about it.'

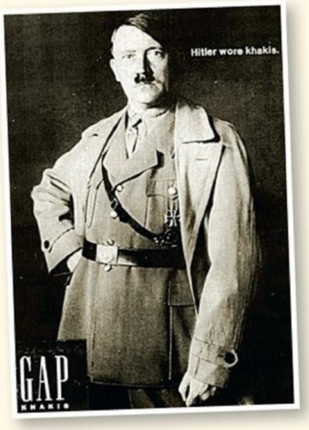
The MAYFAIR Intelligencer

Pointless… but Classified! Mayfair brings you all the (extremely loosely) fact-based trivia you could manage very well without!

…Hitler's Germany had succeeded in conquering Britain in the summer of 1940 when the country and its Empire stood perilously alone against the Nazis?

The years immediately following the German occupation of the United Kingdom are all too easily imagined, with ferocious resistance in all regions of the country leading to ever-more draconian clampdowns on the population. Meantime, Hitler and his generals would be strategising. The aim of the Nazis was always global domination, and so plans would be drawn up for an attempt to successfully invade the United States by the 1960s or the 1970s at the latest.

As to the economy across all the occupied territories of Western Europe, it is possible that this is where the Nazis may have met with their biggest setbacks, since though Germany produced great wealth during the rise of Fascism, not least due to the fact that the state was re-arming and all aspects of production was gearing-up for a wartime economy, it's unlikely that the Nazi financial model would have worked very well in the longer term, or in what passed for peace-time. The end result would most likely have been a recession by or during the 1980s, resulting in a swing even further to the right.



As Britain failed to make the grade economically, the plans to invade America would have been shelved and the emphasis would shift towards suppressing any and all fresh resistance amongst the new generations of the British population brought about less by politics than by financial depression.

Technology would be widely employed in this sphere, micro-managing the population by means of identity chips and the orchestration of millions of public cameras and video surveillance devices.

What a chilling thought… and one that will surely make all right-minded folk doubly glad that we managed to hold out back in 1940!

CONSPIRACY CORNER

For over four centuries historical conspiracy theorists have been arguing the toss about the mysterious "death" of nine-year-old Tsarevich Dmitry Ivanovich, in 1591.

Dmitry was a truculent lad, youngest son of the late Ivan the Terrible (and therefore grandson of Alexei the Appalling and nephew of Feodor the Inept). Consequently no-one nursed great hopes for his maturing into a mentally stable ruler should his equally bloodthirsty elder brother, now Tsar but childless, kick the bucket before him.

But here's where things get bizarre. The power behind the throne was a noble named Boris Godunov. The conspiracy rumours were born when young Dmitry died suddenly on his estate, his throat neatly cut from one ear to the other.

Some theorists believe his reported demise was a clear case of murder – the hit being ordered by Godunov to consolidate his power. Yet all the alleged witnesses insist that Dmitry was playing darts in a hostelry, using daggers, when he took an epileptic fit. In the frenzied throes of this new malady (which was unfamiliar and surprising to him) he accidentally flung a dagger at his own throat, gashing it and perishing from blood loss.

Dmitry's death was pronounced accidental, and many historians still stick to this unlikely story. The conspiracy theorists, however, insist that Dmitry was murdered, and that the drunks down the pub were paid off to say he'd chucked a dagger at himself playing darts while exclaiming delightedly "One hundred and eighty!".

ETIQUETTE FOR THE BEWILDERED

Struggling to get to grips with life in the 21st Century? Fear not – we've got all the answers in our A-Z of etiquette dilemmas. **I is for iPod..**

They call this the iPod generation, because almost every commuter and pedestrian in the country is perpetually plugged into one of these little devices introduced by Apple in 2001. Originally just a music player, iPods have since been upgraded into portable entertainment centres incorporating other forms of audio, a camera and camcorder function.

If you own one, you are entitled to ignore everyone. In fact, it is considered cool to do so. It is also cool not to hear muggers come up behind you when you have your little ear-buds in, or to disappear beneath a bus while selecting your favourite track or audiobook using the selector wheel.

In crowds you may bump into anyone without apologising, ignoring all requests to be polite by pointing at your head and shouting "Oi! I'm tryin' to listen to me fuckin' iPod!". One day you'll shout it at someone who doesn't understand the iPod generation – and wish you had taken out private medical insurance instead of blowing your wages away on an iPod.

HOLLYWOOD FOLLIES

Goofs, accidents and cock-ups are as much a part of the half-assed world of Hollywood as poor storylines and bad acting, with the most awful oversights in logic and continuity gliding past inattentive film editors and arrogant directors onto the big silver screen.

TITANIC

In the beginning of the film, when Jack wins the tickets for the voyage, his hand-rolled cigarette is thin and almost smoked to the end. The moment he's told he's won the tickets, however, the cigarette is fatter and longer. How's that for phallic symbolism?

When Jack is running to the boat on the pier, his knapsack is a Swedish Army issue model first issued in 1939, and widely sold as army surplus today. There can't have been very many post-1939 knapsacks kicking about in April 1912.

When the lookout responsible for not allowing the liner to sail into any icebergs or anything says "bollocks", his mouth movements doesn't match what he is saying and his lips keep flapping in the silence which follows.

When Rose threatens to jump into the ocean, Jack tells her all about the lake he goes ice-fishing on: Lake Wissota, a man-made lake in Wisconsin near Chippewa Falls, where Jack grew up. Unfortunately Lake Wissota was only filled with water six years after the Titanic sank, when a power company built a dam on the Chippewa River – so the ice-fishing must have been pretty shit.

While being pursued and shot at through the ship's corridors, Rose and Jack try to outrun the rising water. At first they try doing this with Rose wearing period shoes, then they run through a splashy bit of hallway and she's wearing white sneakers. Then, as Jack retrieves the key that the crewman dropped beneath the rising water, we see that she has struggled into her period shoes again.

When Jack and Rose are going down with the ship, we see a man holding onto the flagpole, his life-jacket appearing and disappearing then appearing again on his torso.
